

CONTENTS

INTRODUCTION	1
CHAPTER 1 – OVERVIEW OF PROPERTIES	3
Basic Structure	4
Surface Tension	6
Solvent Functions	9
Water Phases	10
Water Density and Mass	11
The Role Water Plays in Food	11
Hydration	12
Plasticity	12
Solvent	14
Experiments: Let's Make A Mess!	15
Overview Experiment #1: Surface Tension	15
Overview Experiment #2: Surface Tension and Temperature	22
Overview Experiment #3: Pepper, Water, and Soap	26
What Do You Think?	28
Journaling Idea	28
Chapter Review	28
CHAPTER 2 – STUFF IN WATER	30
Nature of the Particle	31
Solutions	31
Colligative Properties	32
Suspensions and Dispersions	37

Experiments: Let's Make a Mess!	44
Stuff in Water #1: Classification of Stuff in Water	44
Stuff in Water #2: Boiling Point and Water Solutions	48
Stuff in Water #3: Solution and Crystal Separation	53
Stuff in Water #4: Broken Emulsions	55
Stuff in Water #5: Water-in-Oil vs. Oil-in-Water Emulsions	58
What Do You Think?	59
Journaling Idea	60
Chapter Review	60

CHAPTER 3- WATER ACTIVITY (AW) 61

Water Activity Defined	62
Water State	63
Shelf Life	64
Microbial Spoilage	66
Sterilization	67
Fermentation	69
Other Chemical Reactions	69
Experiments: Let's Make A Mess!	73
Water Activity Experiment #1: Water Activity and Moisture Balance	73
Water Activity Experiment #3: Mold Growth	79
What Do You Think?	81
Journaling Idea	82
Chapter Review	82

CHAPTER 4 – BOILING, STEAM, AND HUMIDITY 83

Boiling	84
Boiling Defined	84
Phase Transitions	84
Hydrogen Bonding	86
Phase Transitions—A Little Deeper	87
Latent Heat of Fusion	87
Latent Heat of Vaporization	88
Moderation of Temperatures	89
Steam Quality	90
Relative Humidity vs. Dew Point	90
Relative Humidity (RH)	91
Dew Point	92
Experiments: Let's Make a Mess!	95
Boiling #1: Boiling Point and Water Solutions	95
Boiling #2: Steam vs. Boiling Water	103
Boiling #3: Boil Egg in Wax Paper Cup	108
What Do You Think?	111

Journaling Idea	112
Chapter Review	112
CHAPTER 5 – FROZEN WATER	113
Density Changes	113
Ice Formation	114
Ice	115
Implications in Food	116
Unexpected Chemistry	116
Experiments: Let's Make A Mess!	119
Freezing Experiment #1: Temperature of Ice Water	119
Freezing Experiment #2: Ice and Salt Again	123
Freezing Experiment #3: The Damaging Effects of Ice Formation in Plants	127
Freezing Experiment #4: Frozen Hydrated Cornstarch	129
What Do You Think?	132
Journaling Idea	132
End of Course Review	132
CONCLUSION	133
APPENDIX: A SCIENCE PRIMER	135
GENERAL RESOURCES	145
PICTURE AND ILLUSTRATION AND ATTRIBUTIONS	146
GLOSSARY	149
